## TELEGRAPHIC NEWS

## Miscellaneous.

Wilmington, N. C., 15.—Killing of a man last night.

Providence, R. I., 15.—The creditors of Paine & Sackett, this morning heard a statement. The firm liabilities are \$325,232; assets \$158,400.

Mexico, 15.—John Schullen, of St. Louis, Mo., is appointed general manager of the Mexican National Construction Company. James Sullivan continues to represent the company in Mexico.

Mercantile and National banks have advanced the rate of discount from 6 to 7 per cent., and rates for accounts current from 7 to 8 per cent.

New York, 15.—The court of commissioners for the Alabama claims had a meeting today. Chief Justice Wells, presiding. A number of assistant counsel and commissioners were appointed. Thomas R. Frote, colored, charged with jury fixing in the star route trial, surrendered himself this afternoon and was released on bail.

A new map of the United States, prepared under the direction of the general land office, is now in the hands of the printer in New York, and will soon be ready for distribution. It is said to be the most complete and accurate one compiled by the government. It contains over 7,000 places not on the old map. These additions are mostly in the west. The rapid strides in that section render the map now in use almost valueless.

Washington, 15.—Jas. S. Bundy today, entered suit against the Bar Association of this district, claiming \$50,000 damages. The suit grows out of the action of the Bar Association recommending that Bundy be not appointed as judge in the police court.

New York, 15.—The Board of Trade has adopted the following: Resolved, That the result of the count in the election is a gratifying response to the work of this board and the kindred organizations, in the education of the people to resist encroachments upon their political and commercial rights, and an earnest that they will in the future support such men and such parties as will restrain corporate power and place a limit to its encroachments of the people.

The articles of incorporation of the Faure Electric Storage and Light Company have been filed. The capital stock is stated at \$2,000,000.

Concord, N. H., 15.—Ellery Albee, defaulting cashier of the Ashuelot Savings bank, has been sentenced to ten years imprisonment and was taken to prison to-day.

Present indications point to the possible recovery of A. Bronson Alcott.

New York, 15.—A later dispatch from Atlanta repeats the statement that Colquitt was elected United States Senator for the long term.

Augusta, Maine, 15.—The straight greenback state committee met to-day and decided to thoroughly organize for the next campaign.

Philadelphia, 15.—The Chinese minister and party, including Attorney General Brewster, visited the large manufacturing establishments of Pittsburgh this week.

## Murdered by Indians.

Panama, 15.—A young merchant of Barbacoas, named Portes, in company with some friends, established himself on the bank of the River Putumayo, among the virgin forest which there covers every foot of ground. They had erected a house, made a small clearing and already saw their way to a profitable business, when they were visited by a number of Gevenos Indians, who came ostensibly to trade. They were received well and apparently satisfied, but suddenly attacked and killed the Columbians, afterwards cooked and ate them. The Indians never visited Putumayo before, and no one ever fell in with them on the Amazon. Other tribes also made their appearance in different places, and it is believed some more powerful tribes are driving the weaker ones from the heart of the unknown forest, or that they are voluntary emigrants who will murder and plunder whenever opportunity offers. The residents on the frontier also suggested that they may have been driven from their homes, wherever they may be, by slavers, whose vessels ascended the several tributaries of the Amazon a few months ago in search of slaves and product. The Star and Herald says of the suggestion that Indians are captured on all the interior rivers, and carried off to different out-of-the-way regions, where they are compelled to work on plantations established far away from anything bearing even the semblance to civilization. It is probable that the death of Portes and his friends will attract the attention of the Colombian government to those long-neglected regions of the republic.

## The Railroad Disaster.

Kansas, City, 15.—Full particulars of the Alton Railroad accident at Grain Valley last night, cannot be learned until the arrival of the wrecking train, which is expected at 2 o'clock this afternoon, bearing the dead and wounded. The names of the killed and wounded cannot be learned, but latest reports show three were killed and eight wounded.

Kansas City, 15.—The wrecking train arrived this afternoon from the scene of the wreck on the Alton road, bringing the dead and wounded. List of the killed: Barney Corcoran, Henry Dase and John Hamilton. Wounded: Phillip Leon and Fred Graham, badly crushed and will probably die; James Loggins, injured internally; Jacob Ludwig, John Dillon and J. M. Montgomery, badly cut and bruised. These men were taken to the hospital in this city. Four others were slightly wounded. The track was cleared this forenoon and trains resumed as usual.

## Railway Conductor's Benefit Association.

Chicago, 15.—The eighth annual convention of the Railway Conductor's Mutual Aid and Benefit Association of the United States and Canada is in session here to-day. The annual address showed that the organization has over 700 members, and has paid over \$3,000,000 in benefits, and the advantage of this kind of insurance is dwelt upon. The paper on "personal influence" was read and an invitation to visit Pullman was accepted.

## The "Westphalia" Disaster.

London, 15.—The crew of the missing boat from the steamship Westphalia landed at New Haven, and report the other steamer with which the Westphalia was in collision went to the bottom with all on board.

## The Combined Associated Press.

New York, 15.—Negotiations which have been pending for several months between the Western Associated Press and the New York Associated Press culminated to-day by unanimous agreement for joint management. The proposition came from the New York Associated Press and was accepted by the board of directors of the Western Associated Press. The management is placed in the hands of a joint committee, Richard Smith and Walter N. Haldeman representing the Western Associated Press and Whiteley Reid, of the Tribune, and Thomas W. Conner, of the Herald, representing the New York Associated Press. Mr. Chas. A. Dana, of the Sun, was elected to the chair. The committee entered upon their duties this afternoon, a further meeting will be held to-morrow, when the plan of service will be adopted. The Western Associated Press has, since the termination of the contract between the associations, perfected cable service, which has proved to be superior in many respects, to that of the New York Association, and has also organized news service in the east. The work of readjustment will continue until all differences will be disposed of, and there will be but one general service. A new contract will be made with the Western Union Telegraph Company.

## Fever.

Providence, 15.—Investigation discloses the fact that there are within the city limits upward of 2,000 cases of fever of different forms, varying from light malarial to malignant typhoid. Many physicians assert that the condition of Cove Basin and the river is the cause.

## Startling and Terrible

To the ear of affection is the sound of a dry, metallic cough, that seems as if a rattle were sprung in the chest of the beloved one. Hasten to loosen it with HALE'S HONEY OF HOREHOUND AND TAR, the new medicinal agent, which is admitted to be the best remedy for pulmonary complaints at present known. The cures it is accomplishing astonish the faculty and delight the people. All druggists keep it. Price 50c, and \$1. Great Saving to buy a large size.

PIKE'S TOOTHACHE DROPS cure in one minute.
